

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1.

MARYVILLE, MISSOURI, THURSDAY, MAR. 30, 1911.

NO. 251.

MASS CONVENTION

WILL NAME CANDIDATES AT THE COURT HOUSE FRIDAY NIGHT.

3 DIRECTORS TO SELECT

One Alderman From Each Ward to Be Elected—Two Members Will Seek Re-Election.

A mass meeting of the citizens of Maryville is called for Friday evening in the court house for the purpose of nominating three school directors and to also nominate a candidate for alderman from each of the four wards in the city.

D. R. Eversole, chairman of the citizens' committee, and John Dawson, secretary of the committee, issued the call Thursday for the citizens' meeting, after having been requested to by many of the people. Instead of having party candidates, it was thought best to have a meeting of this kind, so everybody could have a voice in it.

The school meeting call was issued Wednesday for Friday evening, and Mr. Eversole and Mr. Dawson decided to hold the citizens' meeting after the school meeting.

On the school board, the terms of W. A. Blagg, L. C. Cook and W. H. Crawford will expire at the April election.

On the board of aldermen, the terms of Henry Foster of the First ward, Henry Hudson of the Second, John Signs of the Third and Louis Gram of the Fourth will be out.

Henry Foster will be a candidate for re-election from the First ward. He will probably have no opposition.

In the Second ward, Henry Hudson, who has served on the board for several years and has made one of the best aldermen the city has had, will not be a candidate and will not accept the place if tendered to him. In this ward, C. D. Hooker is being talked of and will take the place.

Several are being mentioned in the Third ward to succeed John Signs, who also declines to seek a re-election.

Mr. Signs has made a good member of the board, and his many friends would like to have him run again, but Mr. Signs is to move away from Maryville within the next few months. The names of U. I. Wilson, Roy Curfman, R. A. Strawbridge, John Hull and Rev. C. H. John have been mentioned from this ward.

In the Fourth ward, Louis Gram is again seeking re-election, and will probably have opposition in Captain Woods.

The meeting at the court house Friday evening should be well attended and the best men should be selected.

ELECTION TUESDAY

NECESSARY PAPERS SENT OUT BY COUNTY CLERK.

TO RURAL DISTRICTS

W. M. Oakerson Will Seek Re-Election as County Superintendent—No Opposition.

County Clerk George Demott has been busy this week sending out to the clerks of the 181 school districts of the county copies of the election laws, the tally sheets and the poll books necessary for conducting the school election to be held in the county on next Tuesday, April 4.

This is under the provisions of a law signed by Governor Hadley last Friday, and which took effect at once, having an emergency clause attached. The bill provides that the board of directors of the school districts shall superintend the election and count the ballots. The returns must be in the hands of the county clerk within two days of the election. They are to be brought in person or else sent by registered mail. There is a heavy penalty for failure to observe this provision.

The election Tuesday will be for the purpose of electing a county superintendent of schools, which is a four-year office, provided by a bill passed by the last legislature and signed by Governor Hadley. Heretofore the office has been for two years.

County Superintendent of Schools W. M. Oakerson is a candidate for re-election and will have no opposition.

The body was taken to Stillwater for burial by the side of her late husband, John Kirkpatrick. Mrs. Kirkpatrick came to Maryville last June on account of the death of her sister, Mrs. David Fairchild. She is survived by her brother, B. F. Bostick of South Vine street, and two children, Mrs. LaBayer of Mt. Washington, Mo., and Arthur Kirkpatrick of Stillwater, Okla.

SANDERS SELLS OUT

INTEREST IN BEE HIVE SHOE STORE THURSDAY.

MILLER SHOE COMPANY

Will Be Title of New Firm—Company Composed of W. A. Miller, John Muntz and Frank Reavis.

A new business partnership was formed Thursday morning.

Frank Reavis and John Muntz, who have been employed at the Bee Hive shoe store, were taken into partnership in the business by W. A. Miller, the proprietor, and the company will be known as the Miller Shoe company, but the place of business will still be known as the Bee Hive shoe store.

Both young men are sons of farmers and grew up on farms. Mr. Reavis is a son of Mr. and Mrs. C. Reavis, living two miles south of Burlington Junction. He is a graduate of the Burlington Junction high school and was employed by the Zarn Mercantile company of that place two years. He was a traveling salesman for the Bartlett Shoe company of Kansas City about a year, and has been employed at the Bee Hive shoe store for a year or more.

Mr. Muntz is a son of Mr. and Mrs. Walter Muntz of Maryville. He is a graduate of our high school and the Northwest Normal, and has been employed at times in several business places for the purpose of learning actual business methods.

Both young men have a wide acquaintance, are popular and business-like, and will do their full share in commanding a good patronage.

Mr. Miller has been in the shoe business in Maryville for sixteen years, and has been eminently successful. He was from Oakville, Ia. He came in company with J. H. Becker, who is now a prosperous clothing merchant of Oklahoma City. Both were fresh from the Gem City Business college at Quincy and anxious to test their business training.

They opened up for business on St. Valentine's day sixteen years ago, and continued in business together for ten years, when Mr. Becker removed from the city. They were good advertisers and soon established a good business. When Mr. Becker left Maryville, Robert G. Sanders became Mr. Miller's partner, and the business continued to increase steadily for the six years they were together. Mr. Sanders retired about fifteen months ago on account of ill health.

Mr. Miller celebrated his fourteenth wedding anniversary this, Thursday, morning, March 30, when he took a fresh start in his business by taking in two young men to share his increasing responsibilities.

The Democrat-Forum wishes the new firm at the Bee Hive shoe store abundant success.

Mr. Muntz Improving.

James Muntz of East Second street, the rural mail carrier on route No. 3, is improving from the injuries he received Wednesday morning in a runaway near the home of Frank Trusty, east of the city. His place is being filled for the present by Alva Maul.

Rev. Parvin Returned.

Rev. W. J. Parvin returned Wednesday night from Salisbury, Mo., where he has been conducting a revival meeting for the M. E. church, South, of that place. There were about thirty conversions and the meeting was successful. Rev. Parvin said that there are three new churches in that town in the last year.

Head Sentry.
Frank Bolin was elected head sentry of the Woodmen of the World of Missouri Wednesday afternoon at the state convention held in St. Joseph.

Mr. and Mrs. T. E. Archer of Clyde were visiting in the city Thursday.

GREEK MUST FACE TRIAL

Police Do Not Believe Story He Asked Slayer's Wife to Elope.

Chicago, March 29.—Chicago police prepared to extradite Achilles Pantarakis and his wife, Angelique, who, on being arrested in Kansas City, confessed to the murder of a former boarder in Chicago. Detectives Manger and McFarland are expected to bring the couple back today.

Inspector Healey said he did not believe the murderers' story that the boarder, George Barbarens, had sought to induce Mrs. Pantarakis to elope, but said he had been unable to find trace of several hundred dollars which Barbarens had saved. The husband owed his boarder for a hospital bill paid by the latter when the wife was ill recently and the theory of the police is that the murder was to avoid paying this bill and to get what other money the boarder had.

REPUBLICANS TRY CAUCUS

Sixty Hold Meeting and Nominate W. S. Kenyon as Choice for Senator.

Des Moines, March 30.—Sixty Republicans, a majority of the Republican membership of the legislature, held a caucus in the house chamber and nominated W. S. Kenyon of Fort Dodge regularly as the Republican nominee. It is not expected that this action will change the senatorial vote, but was taken by Kenyon supporters to make a record that a Republican caucus was held. On informal ballot Kenyon received 54 votes, Deemer 6 and Stillman 1. On motion of Representative M. J. Hall the ballot was made formal and unanimous.

The joint ballot stood: Deemer, 36; Kenyon 63; Potter (Dem.), 59; Judge C. G. Lee, 1; paired, 1; absent, 7; necessary to elect, 75.

Municipal Plants Under 8-Hour Law.
Topeka, March 30.—State Labor Commissioner W. L. A. Johnson notified the officers of Kansas towns which have municipal water or lighting plants that they must enforce the eight hour law in the conduct of their plants. The supreme court has recently decided that the eight-hour law applies to municipalities.

Votes for Commission Rule.

Saratoga, N. Y., March 30.—The commission form of city government for the village of Saratoga Springs was endorsed at the general election by a vote of 1,294 to 659. The legislature will be asked to pass measures providing for this with the initiative, referendum and recall.

WILL BE DONE NOW

SUGGESTIONS MADE BY SCHOOL CHILDREN OF SIXTH GRADE.

A "HEALTH LEAGUE"

Organization Was Formed and Officers Elected—Are Pupils in Miss Lois Halley's Room.

The spirit of civic pride is spreading, it seems, so much so that the students in the sixth grade at the Washington school, taught by Miss Lois K. Halley, has organized into a "Health League." They elect their own officers and make their own rules.

The first inspector was Orien Patterson, and he has just been succeeded by Marcia Cutler. The stated object of the organization is to promote the health of the members and community. The girls of the league have been given permission by Superintendent Hawkins to plant flowers for the borders of the walks on the high school lawn, and the students are taking up a collection among themselves to buy the seeds.

The league members were asked to send in a report of some improvements that are needed around town, and conditions that could be improved.

One boy wrote of a vacant lot near his home and said: "I'm going to clean it up."

Here are some of the suggestions:

1. School yard of Washington school in bad shape. Remedies suggested: Clean off sticks, bricks, bats, etc. Plant flowers.

2. Alley around library yard looks very unsightly.

3. Alley back of stores on Main street in bad condition. Old boxes, papers, straw and filth allowed to accumulate. Rats were having a good time over it. Alleys on other streets in the business part of town are just as bad.

4. Tin cans, uncovered slop barrels and old skins were found behind one building. Remedies suggested: That Mayor Robey have garbage cans in each alley in which trash may be placed, and then these may be hauled away and emptied. That it would be a good thing for the Commercial club to look after the alleys.

4. Alleys in residence districts in many places have tin cans and other trash in them. Other alleys in good condition.

5. That there should be some way of cleaning the streets often.

6. Several unsightly buildings reported.

7. School children are careless about throwing papers on the street.

CLEAN-UP WAS GENERALLY OBSERVED

Wednesday was the day set aside by Mayor Robey as clean-up day in Maryville, and many teams were busy hauling dirt and other rubbish. A number of people cleaned up their parkways, yards and alleys.

On April 11 Mayor Robey, John Wallace, chief of police, and others will meet the Twentieth Century club, as this meeting of the club will be "the sanitary streets" day of that organization. Plans for general cleaning up of the city will be discussed and formulated at this meeting. Mrs. George L. Whiffey will read a paper on "Clean Streets," Mrs. W. C. Pierce on "The Garbage Question," and the discussion will be led by Mrs. Deming.

The Weather

Fair tonight and probably Friday; warmer tonight.

That California judge who ordered John Arthur Johnson sent to jail for violating the automobile speed laws of San Francisco ought to be presented a gold headed cane. The prize fighter's escapades in every important city in the country have become extremely monotonous, and the frequent cash fines imposed have no further effect than to amplify the municipal exchequers. His fortune has come easy and he cares no more for a few dollars than a pig would care for a silk pillow. The fact is he regards this as a comparatively inexpensive way of keeping his name before the public, and punishment of a more radical nature is the only method that will enhance his respect for the laws of the land.

S. J. DeArmond and Charles McCaffrey have moved their office from over the Parle drug store to rooms over the Orear-Henry drug store.

These Seamless Axminster Rugs are Guaranteed Not to Fade

Put them in a room where there is a strong light, where the sun occasionally shines upon them, give them the hardest kind of usage—there is no danger of fading because only the best dyes are used in coloring and they are applied in the proper manner.

Made of 3-ply Axminster yarns, selected for strength, of the finest quality. The manner in which they are made warrants us if giving every assurance of long and satisfactory wear.

They come in a new size, 9 by 10 feet. They are the first Axminster Rugs to be made in this size and to be sold at this price.

The patterns are in soft, beautiful colorings in Oriental designs. They are varied enough so as to enable you to select an appropriate rug for any room in the house.

Is it any wonder that we are so enthusiastic over these seamless Imperial Axminster Rugs and so anxious to have you see them.

Curtain Nettings in New Designs

Simple little curtains made of netting is an ideal drapery—so some women tell us. We all agree that they are a pleasant change from the ordinary lace curtains. The nettings we are showing now have patterns in conventional designs, nothing elaborate or ornate, just enough to add a quiet tone to the room.

Our new stock, which we have just received, is filled with all that is new, novel and attractive. The nettings which are 40 inches wide, in ecru and white, are priced at 20c, 25c and 35c a yard.

The wider nettings, 45 to 48 inches, in ecru and white, are priced from 35c to \$1.50 a yard. See them in the basement.

Why Brenlin is Better

The difference between Brenlin shades and others is apparent as soon as you put them up. You will understand why Brenlin shades are built right, if you know about cloths, for they are made of a fine, strong, closely woven material without filling of any kind. That is the secret—that is why they wear longer, and look better.

The dark colored Brenlin cloths in the dark shades will shut out the light completely when desired, and they will not show shadows.

Brenlin shades are a trifle more expensive than the ordinary shades but they are worth it. When you need shades come to us and examine Brenlin shades, we are the sole agents in Maryville and you can't find them elsewhere.

RAVENWOOD.

Our township election went off very quietly yesterday, with some anxiety depicted on the countenances of the candidates. The selection was from both parties, and we think a very good one. The result follows: J. L. Lewis, Republican, collector; W. J. Wygul, Republican, assessor; F. H. Casteel, Democrat, trustee; J. B. Horton, Democrat, and C. C. Tebow, Republican, justices; John Buhols,

Democrat, and Elmer McKee, Republican, township board; Mark Heflin, Democrat, constable.

The Democrats are very proud of their justice. He is a man well qualified, good character, a church member and a Sunday school scholar.

This is a typical March day. High wind, sometimes it rains a little, then snows a little.

Mrs. A. B. Bentley and her niece left Wednesday night for Ohio, her old

THIRTY WOMEN BREAK DOWN

Recital of Experiences Causes
Hysteria at Meeting.

AMBULANCE SURGEONS CALLED

Expect 150,000 Sympathizers in Funeral Cortège of New York's Factory Horror Monday—Sixteen Bodies Still Unidentified.

New York, March 30.—Thirty women were removed from a memorial mass meeting for the victims of the Washington Place fire in Grand Central palace, suffering so terribly from hysteria that ambulance surgeons were called to attend them and to remove some to the hospital.

More than 3,000 persons were present, mostly women, whose nerves were unstrung by the recital which some of the speakers made of Saturday's fire horror. The meeting was under the auspices of the Shirtwaist and Dressmakers' union.

Arrangements for a funeral demonstration in which 150,000 sympathizers will be asked to join; identification of four more bodies, leaving but sixteen now unidentified; the swelling of the relief fund to nearly \$50,000, and the effort of the district attorney's office and the fire marshal to fix the blame for the catastrophe, were activities which followed the fire horror.

It is proposed to take the bodies of most of the 143 victims through the streets Monday in a great funeral procession, headed by a chorus of seventy singers from the Jewish Choralists' union, followed by the 600 surviving employees of the Triangle Waist company and as many sympathizing workers as can be induced to join. It is suggested that the procession pass from the morgue by the Washington Place building where the fire occurred.

Twenty-five survivors told their stories of the catastrophe to assistants in the district attorney's office and others appeared before the fire marshal. Dinah Lufschitz told the district attorney that when the fire alarm was first given she signaled "Fire! Fire!—Escape!" by a writing machine to the girls on the ninth floor and followed this with a telephone message. Laughter greeted her at the other end of the receiver, she said. In a moment more she ran and made good her escape.

EXPRESS RATE CUT ENJOINED

Judge McPherson Restrains Iowa Railway Commission.

Des Moines, March 30.—Judge Smith McPherson of the circuit court of the United States has issued a restraining order which prevents the state board of railway commissioners from enforcing the 13 per cent express rate reduction beginning today.

The application for temporary injunction was filed in behalf of the Wells-Fargo, the United States, the Adams and the American Express companies by their counsel, Guernsey, Parker & Miller. The defendants named are the railroad commissioners, David J. Palmer, N. S. Ketchum and Clifford Thorne, and the attorney general, George Cosson.

The hearing on the temporary injunction will be on the first day of the May term of court or at the election of defendants with five days' notice at Keokuk.

The express companies deny that their earnings are exorbitant and they are preparing to fight the present case in Iowa to a finish.

COUNTY OF MONROE }

Nancy A. Herrick, being duly sworn, deposes and says: "When I was a girl I had a head of heavy, long, dark brown hair which was the envy of my friends and which attracted the attention and remarks of strangers, but as I grew older it commenced to come out. When my hair was quite thin and gray, I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur to try a bottle; and you can imagine my satisfaction when I found my hair was fast coming back to its natural condition. I continued to use Sage and Sulphur until my hair was as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I began using Sage and Sulphur and my hair is in splendid condition."

ABBATEMAGGIO KNEW TOO MUCH

Reason for Revelation of Plans of Camorrista Given Out.

INFORMER TELLS OF A WINK

Because of Knowledge of Gang's Secrets He Secured Big Share of Spoils and Others Plotted to Kill Him. More Disorder at Trial.

Viterbo, Italy, March 30.—Gennaro Abbateggio, the confessed Camorrist, continued his revelations at the trial of himself and thirty-five associates for the murder of Gennaro Cuocolo and the latter's wife.

Strictly speaking, Abbateggio's "revelations" are nothing more than side lights in confirmation of his original story as told to the authorities and published before the trial began.

In his formal statement the informer told how Cuocolo had been murdered because he had betrayed other members of the Camorra, and also because there was jealousy of his increasing power on the part of Enrico Alfano, the actual head of the body, and other leaders. Cuocolo's wife was killed to conceal the first crime. Asked about the \$200 which had been paid to the assassins of the Cuocolos, the informer replied that Alfano had divided the money, giving \$80 to the witness and distributing the remainder among the actual assassins.

Wink Cause of Revelation.

Ferdinando di Matteo, one of the assassins, protested against the giving of so large a share to Abbateggio, who had not participated in the killings, but he was silenced with a wink from Alfano. Abbateggio saw the wink and understood its meaning. His associates were aware that he knew too many of their secrets and could betray them at any moment. Accordingly, no sum of money was too great to pay for his silence until the opportunity came to put him out of the way. Abbateggio realized the feeling towards him, and this, together with a revival of honest impulses, induced him to make the first revelations, which were followed by a determination to tell all and so redeem himself.

Prisoners Shoot Down Witness.

Abbateggio's examination was interrupted by Corrado Sortino, one of those alleged to have killed the Cuocolos, who asserted that the informer had declared that Sortino's brother was a member of the Camorra. Rising from his seat in the prisoner's cage, Sortino shouted:

"You are a liar. My brother is one of the world's greatest sculptors. He lives in Paris, where he is the intimate of notables."

This gave excuse for a tumult, the other prisoners and their lawyers crying out, "Abbateggio is a calumniator."

The informer, recognizing a trick to impair his testimony, raised his voice above the chorus, yelling:

"I never said that Sortino's brother was a Camorrist."

The confusion continued and the court was compelled to suspend the sitting.

The policy of the accused is to catch Abbateggio in contradictions or untruths, if only in secondary matters, and so discredit his whole story.
